UnitedStatesofAmerica Department of Transportation Federal Aviation Administration

Supplemental Type Certificate

Number SA4361NM

This certificate, issued to

Garmin AT, Inc. 2345 Turner Road SE Salem, OR 97302

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of *Part* 23 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A24CE

Make: Beech Model: B-200

Description of the Type Design Change: The Apollo II IFR Model 614R Loran-C Navigation System is installed in Beech King Air airplane S/N BB-946. The Loran Unit is defined by Configuration Index Document D-253, Revision 0, or later FAA approved revision, and the system is installed in accordance with Installation Manual 560-4007, Revision 6, or later FAA approved revision, and Installation Report R-89, Revision 7, or later FAA approved revision.

Limitations and Conditions: Data pertaining to this modification are considered inadequate for duplication in other aircraft. The approval of this change in type design applies only to Beech King Air airplane S/N BB-946. A copy of this Certificate and the FAA approved Airplane Flight Manual Supplement must be maintained as part of the permanent records of the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: March 26, 1987 **Date reissued:** December 5, 2003

Date of issuance: September 29, 1988 Date amended: December 5, 2003

By direction of the Administrator
